

Dear Helen,

30 May 2023

Thanks again for your generous and thoughtful support of Tangier Island. We now have a record-high 50 mission volunteers who are planning on serving on the island from 13-19 June, 2023.

Attached is the 2023 Biography Book outlining what we are doing and who is going. We want you to have a copy for yourself, should you want to come down sometime that week. We know you are busy, but we would enjoy seeing you and showing you the work we are doing with the donations you made possible.

The work we are doing this year is mostly decking and flooring, which you know is both expensive and time consuming, but we have the right people and the right materials for the many jobs. We will be visiting every shut-in (36) and leaving them with a large bag of gifts and things to help they stay safer, dryer and warmer. We will be planting trees, painting, clearing yards, and engaging with ALL AGES on the island through a myriad of planned activities and outreach events.

We will be having a "Kid's Fun Day" on the Saturday, which is always fun to attend and other activities through the week, including an Island Softball Game and Island Fun Run – see schedule on page 9.

We could not do nearly as much without your generous support and aid through the HOLLY RUN, so thanks again for all you do to make this a better place!

Blessings and Warm Regards, Mike Marra 717-448-5295
